Many OTC requests are made for products to treat problems associated with the eye. I need to be aware of these products & when referral is necessary.

**PLANNING**

I plan on reading Section 6 of my Minor Ailments DL pack relating to the eye.

**ACTION** (Description of event/situation)

I am now aware of the products used to treat conjunctivitis (allergic & bacterial) & dry eye and when referral is necessary.

A patient arrived in the pharmacy requesting a product to treat an eye problem. Their eye was red and sticky in the morning with a gritty feeling pain.

I supplied chloramphenicol eye ointment.
