

Pre-registration Trainee Induction 2016

Monday 11th July 2016

Dear Pre-registration trainee,

In preparation for attending your pre-registration induction event please ensure you have registered to use the pre-registration training website.

Please go to <http://members.psni.org.uk/Membership/Registrants/Register> and register with your Training Number, Surname, Date of Birth and email address.

If the Pharmaceutical Society NI has not received confirmation of your Mpharm award you will not be able to register to use the site.

The training website has a resource section and in preparation for your induction event pre-reading of certain documents is required:

- Pre-registration training manual 2016-17
- E-portfolio guide.

For your convenience these documents have also been attached to this email.

It is essential that you familiarise yourself with these documents prior to attending your induction event.

We look forward to welcoming you to the Pharmaceutical Society.

Regards,

The Pre-registration Team
