

Additional Sample Calculation MCQ'S Now Available

Friday 12th May 2017

Dear Trainee

To help you prepare for the registration examination, additional calculation MCQs have been added to the pre-registration e-portfolio site. There are 2 sets of 10 questions for you to complete. You can access the calculation MCQs by logging on to your e-portfolio. Simply answer each question by selecting 'true' or 'false'.

The pass mark for each set of calculations is 80%.

Once you have completed the MCQs you will receive feedback on any questions that you may have answered incorrectly. This feedback will illustrate how the question should be calculated.

May I take this opportunity to wish you every success with the registration examination.

Regards

Daniel Young
