

Additional Sample Calculation MCQ'S Now Available

Friday 12th May 2017

Dear Tutor

To help your trainee prepare for the registration examination, additional calculation MCQs have been added to the pre-registration e-portfolio site. There are 2 sets of 10 questions for them to complete. They can access the calculation MCQs by logging on to their e-portfolio. Simply answering each question by selecting 'true' or 'false'.

The pass mark for each set of calculations is 80%.

Once they have completed the MCQs they will receive feedback on any questions that they may have answered incorrectly. This feedback will illustrate how the question should be calculated.

Regards

Daniel Young
