

Pre-registration Tutor - 2016-17

Monday 11th July 2016

Dear Tutor,

Thank you for agreeing to be a tutor and for your commitment to your trainee in the year ahead.

Your role as tutor is vital. You are expected to be the role model and guide the trainee throughout the year. You will observe their performance, assess competence, give them feedback and ultimately make the decision that they are fit to go on the register.

[Membership Online](#) will let you track you trainee's progress and complete appraisals etc.

If you have previously registered to use Membership Online your log on details will remain the same.

If you have not already registered please go to <http://members.psni.org.uk/Membership/Registrants/Register> and register with your Registration Number, Surname, Date of Birth and Email Address.

Once you complete the registration process, you can start using the website to review and assess your trainee's progress.

NB: If you have an existing trainee who started prior to July 2016, you will continue to use the existing [Pre-registration Training Website](#) until they complete their training.

For further information and any queries about using the website please do not hesitate to contact us.

Many thanks,

The Pre-registration Team
