

Performance Standards Completion

Tuesday 9 October 2018

Dear Trainee,

Reminder: The expected completion score at 13 week appraisal is 25%

Well done to those trainees who have already achieved this. As you move towards your 13 week appraisal date, it is essential that you and your tutor work together to achieve a 25% score if you have not already done so.

I also want to recognise the commitment shown by the respective tutors in providing the necessary verifications.

If you feel you need any further support with completing learning cycles, please talk to your tutor for advice in the first instance.

Alternatively, you can contact me at the Society.

Regards

Daniel Young
Pre-registration Lead
