

# Pre-registration Correspondence

Friday 21 September 2018

---

Dear Trainee,

It is important that you get all essential communication from the Pharmaceutical Society NI during training.

The organisation submits emails to the email account that you have chosen to register with us and does not control what is blocked from your personal email account.

Please check your permission settings and ensure they allow communication from the organisation (psni.org.uk).

All correspondence can be viewed via the 'Correspondence Section' via your E-portfolio and the Pharmaceutical Society website using the following link:

<http://www.psni.org.uk/pre-registration/pre-registration-correspondence/>

Regards

**The Pre-registration Team**
