After the consultation, we will publish a report analysing the feedback we receive. The Consultation responses and report will be considered by the Council of the Pharmaceutical Society NI before making its final decision.

In our consultation report, we often include quotes from respondents. If we publish a quote from an individual in the consultation summary report, we will not publish and link the quote to the name of the individual. We do provide a list of respondents' names at the end of the report.

If you do not wish all or part of your response, including your identity, to be made public, then please make that clear when completing the response form.

If you wish your response to remain confidential, the Pharmaceutical Society NI will endeavour to respect that request. However, the information you provide may be subject to disclosure under the Freedom of Information Act 2000.
