

Pre-registration Tutor Course 2020 - Postponement

19 March 2020

Given the exceptional circumstances and to ensure that pharmacists are not taken away from urgent work or put at unnecessary risk at this difficult time, it has been decided to postpone the Pre-Registration Tutor Course which was scheduled for **03 April 2020**.

The course will be rescheduled prior to the start of the next Pre-registration Training year, circumstances permitting.

Should circumstances at that time render it inadvisable to hold the Tutor Course, all those registered for the course will be contacted to arrange a full refund of the course fee.
